Selling Points

1. All tubing structural members result in higher yield strength advantages over formed steel and regular channel (50,000 min. psi vs. 36,000 min. psi.).
2. Inside Seams - Solid Welding
3. Doors and walls designed to minimize sagging.
4. Doors and Wheels - Greasable
5. Receiver and recycle styles also available.
6. All Std. Lift Hook Types Available.
7. Special designs quoted upon request.
8. Painted to customer specifications.
