Side Load Container Features:

- All sizes stackable.
- Poly lids custom made to our specifications. No rights or lefts. Steel lids optional.
- All container lids fully open for loading or dumping.
- 96 gal. all steel body is completely galvanized for longer life. Unique design has a suitable appearance for residential use and 10" wheels allow easy moving. Won't blow over or roll down the street during high winds.
- 2, 3, and 4 yd. round bottom containers feature galvanized bottoms for longer life.
- Rounded sides and corners allow for cleaner dumping on 3 yd. square vs. traditional sharp corners.
- Mainstay of several cities since 1992.
- Bear proof available.
- Painted to customer specification.
- Field proven for 20 yrs.
